

1S TERM 2, 2019

In 1S, we learn lots every day. That's why we are called "Spectacular 1S"!

This term, we have learned about imaginative and informative texts. We liked reading about *Tashi* and his adventures and we liked finding facts. We wrote our own stories and categorized information into reports. We grouped objects and shared them equally and we are learning to measure and tell the time. We explored how to make bubbles and discovered connections we have to places in other parts of the world. We now know that the sacraments are signs of God's love. We like to create artworks and we even like to dance!
