

2A's Pirate Excursion

We had so much fun on the excursion. We went on a treasure, or should I say 'booty' hunt. We had to find some clues. We also met some funny pirates and even the captain. When we found the booty we didn't get to keep it! **Elissa**

We went to Pirate School where we learned words like booty, that means treasure, shiver me timbers that means when you are shocked and aargh means you have nothing to say!

Grace

I saw lots of things at the museum that interested me. I saw a shark made of metallic bits and pieces. Then we did my favourite part, the treasure hunt. I scrambled across the James Craig as I was searching for an x, I could see lots of them but they weren't printed. Soon a couple of kids found the treasure, there were diamonds and emeralds. I was amazed! **William**

We went to go on 'The Vampire.' I was puzzled when I noticed that it wasn't a real vampire but it was actually a warship. The warship was pretty interesting, there were lots of cabins and even a kitchen. **Cassandra**

On the treasure hunt, we figured out the clues by looking at the pictures on the map. We did this by matching the pictures with objects inside the museum and on the ship the James Craig. I was puzzled all the way. I loved this excursion. I hope one day we can do it again, it was superb! **Jackson**
