Principal's Message

Unintended Blessings

With social distancing, isolation, quarantine, cancellation of sporting events and public gatherings, working and learning from home, job losses, the world that we're used to seems to be changing. Families have been in lockdown and people are anxious as we're dipping our toes into our post-COVID-19 world.

There have been stories about making connections during lockdown. Some families put teddy bears in windows to give children a connection with passers-by and neighbours. There is also the story of a person living in a small town who put a basket of oranges and their front porch with a sign saying, 'Help yourself!' Parents walking with their children would go onto the porch, pick out an orange and wave through the window. We have all heard the message, 'we're all in this together' and even in our isolation, we should not feel alone and it is imperative that we help one another. Some of us have done things which we didn't expect to do. I heard of a person who was unable to visit the gym during COVID 19 so during their walks in the local park they noticed autumnal changes that they'd never noticed previously. During the reflection time of COVID 19 we have been able to look closely at how we're spending our time, making sure that we're focusing on what is most valuable and giving thanks for what we are grateful for.

COVID 19 Safety Measures for our Community

Drop Off and Pick Up - Thank you to the many parents who are using the netball court to park in the morning or afternoon to drop off or collect their child. This is easing the traffic challenges on Bobbin Head Road.

Extra-Curricular Activities (chess, taekwondo, ballet, band, young engineers, Chinese language class, piano) – parents are reminded to drop off or pick up children near the school office. Tutors will collect and return children to the school entrance.

Assistant Principal's Message

Semester One Student Reports

The student's reports will be sent out on the afternoon of Friday 26 June via Compass.

Parent Teacher Interviews

This year the Semester One Parent Teacher interviews will be conducted over the phone. You will be sent a notification via COMPASS today and invited to book a time that is convenient for you to speak to the teacher about your child's learning successes and challenges. Please be aware that the teachers will be ringing from their personal mobile phones and will have the **NO CALLER ID** setting activated. They will be on a tight schedule and will have to finish each interview promptly in order to call the next parent. We appreciate your understanding around this time frame. If additional time is needed, another time will be arranged.

The teachers look forward to speaking with you about your child's learning.

Positive Behaviours for Learning

The PBL focus for the next two weeks is **Managing Impulsivity**. The students are taught and reminded about effective strategies to help control impulsive behaviours. They will engage in roleplay situations, reflect on their own ability to control their emotions and reminded of the importance of managing their impulsivity to care for self and support learning.

The students will receive their Merit and PBL Awards in the classroom alternate Fridays.

SACRED HEART CATHOLIC PRIMARY SCHOOL, PYMBLE <i>Euse Non Videtur</i>	Care for Self	Care for Others	Care for the place we are in
All Areas at All times	<p>Be a good listener</p> <p><i>Manage impulsivity - Stop, Think, Do!</i></p> <p>Be in the right place at the right time</p> <p>Care for your appearance</p>	<p>Speak and act with kindness</p> <p>Remind others to follow school rules</p> <p>Safe and caring hands </p> <p>Only including , no excluding</p>	<p>Care for belongings</p> <p>Care for property</p>

Thank you for your ongoing support.

Kelly Clouston

Office

School Photos

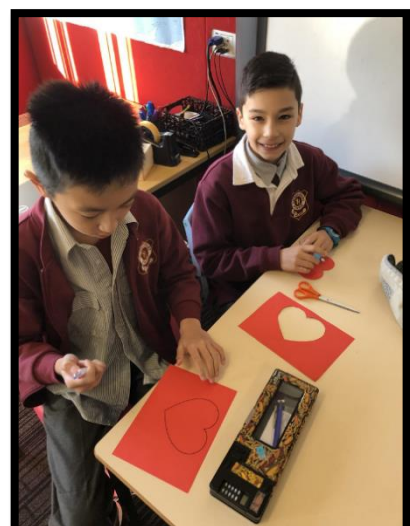

MSP photography wishes to update and advise everyone that as soon as they can resume operations, they will commence printing our school photos and make delivery as soon as possible.

Religious Education

The Feast of The Sacred Heart

Last Friday, our school community was encouraged to wear a splash of red to celebrate our feast day. In our classrooms, we reflected on the Sacred Heart of Jesus and on its meaning for us today. We also prayed and raised awareness of the Vinnie's Winter Appeal that reaches out to our brothers and sisters in need, especially at this time. As the feast uses the heart as a symbol of love, every student contributed a decorated heart to a whole school display which is in the Sacred Heart Block. This symbolises our solidarity and represents that, all together, our Sacred Heart community forms one big heart. Our prayer is: "Sacred Heart of Jesus, burning with love of us, inflame our hearts with love of Thee".

6 M students celebrating our feast day:

In the Sacred Heart of Jesus, the emphasis is on God's love and mercy. The traditional symbol of the Sacred Heart is a human heart encircled with a crown of thorns, crowned with a cross and radiating flames demonstrating that this is how much Christ loves us.

Contemporary religious artist, Miriam Kilmer, has drawn her own version of the famous image of the Sacred Heart of Jesus. She explains that her devotion to the Sacred Heart does not take the traditional form, but rather consists of "simple spontaneous acts of trust and love. In times of doubt and suffering and as I recall the great pain and trouble in the world around me, I remember the sufferings of the Heart of Jesus and place my trust in his love."

Liana Stella

REC

Thank You

Thank you Fr Bogus for talking to Year 1 via Zoom. We enjoyed hearing you talk about the New Testament and telling us all about Sacred Heart Feast Day. Our favourite part was when we got to meet Scout, she is very cute.
Love from Year 1 Sacred Heart.

The Literacy Centre

Borrowing Books

We have started to borrow books again! Using the guidelines given on borrowing books, students are able to borrow 1 book each week and will need to return the book the following week (books will be left for 24 hours and sanitized before re-shelving). Please make sure that your child has returned all books from last term before re-borrowing, and library bags are compulsory!

Premiers Reading Challenge

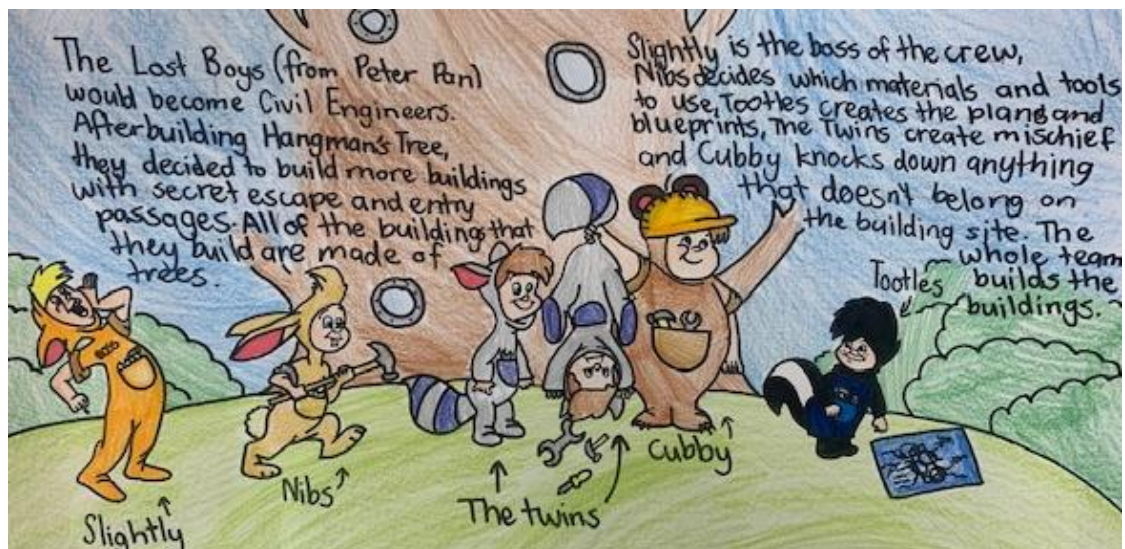

Congratulations to the following students who have completed the challenge since the previous newsletter, we are so proud of you!

K	1	2	3	4	5	6
Henri Sharanya	Christian Imogen Emmett Chloe Adela	Olivia Thomas	Scarlet	Louis Daniel B		Josie Danielle Zofia Mia Jordan

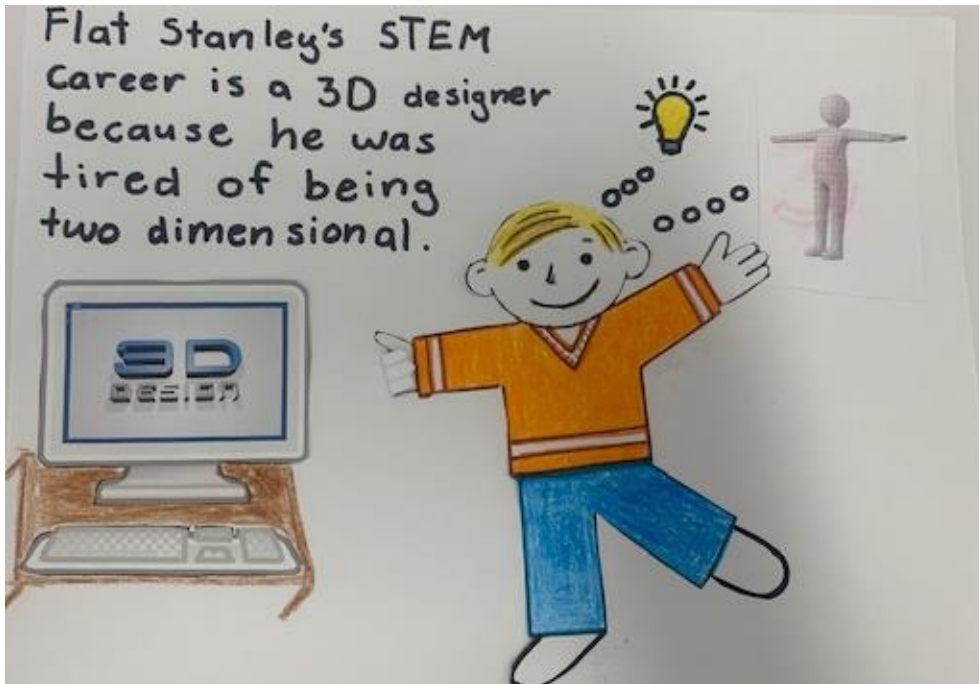

The Challenge closes on the 28th of August – Keep Reading Sacred Heart!

STEM Careers

As part of our STEAM discussions and learnings, the students in upper primary were given a creative challenge. They were to think of their favourite book characters and give them a STEM career based on character traits. Here are a couple of the work samples-very clever students!

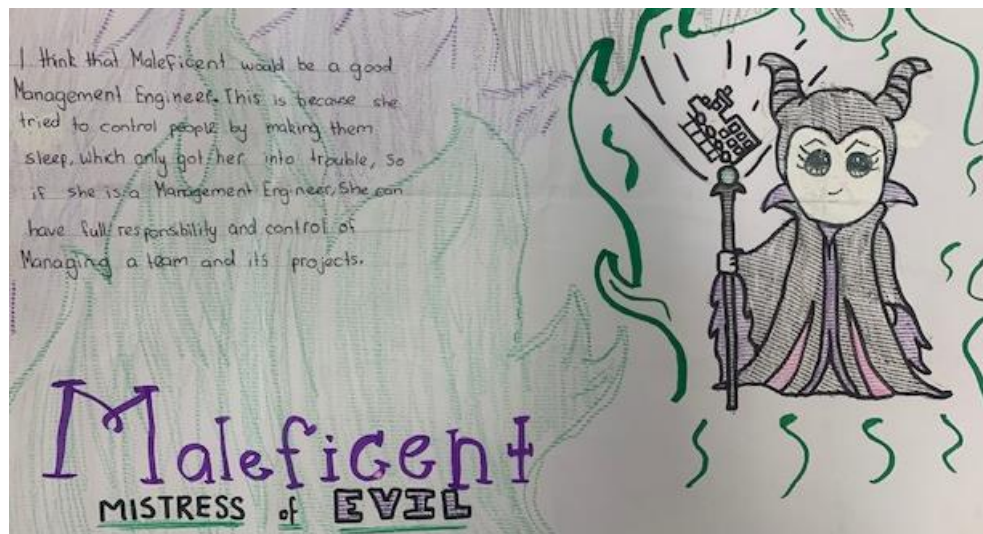

The Lost Boys as Civil Engineers. 'After building Hangman's Tree they decided to build more buildings with secret escape and entry passages. All of the buildings that they made are made of trees. Slightly is the boss of the crew, Nibs decides which materials and tools to use, Tootles creates the plans and blueprints, the twins create mischief and cubby knock down anything that doesn't belong on site'. By **Sophia B**

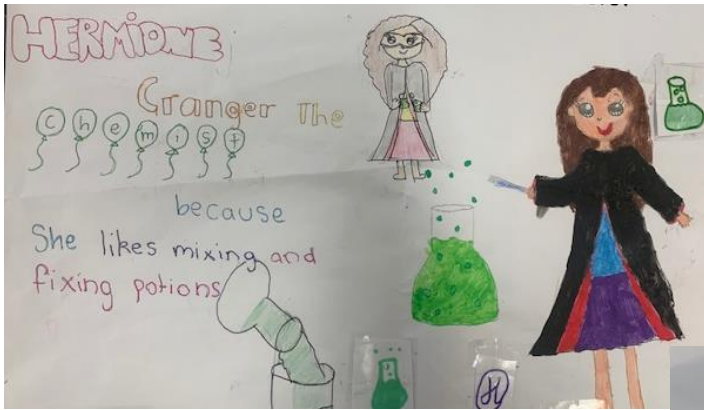

'Flat Stanley's STEM career is a 3D designer because he was tired of being two dimensional!'! **Hakone L**

'I think that Malificent would be a good Management Engineer. This is because she tried to control people by making them sleep which only got her into trouble. If she is a project management engineer she can have full responsibility and control of managing a team and its projects!' **By Samara J**

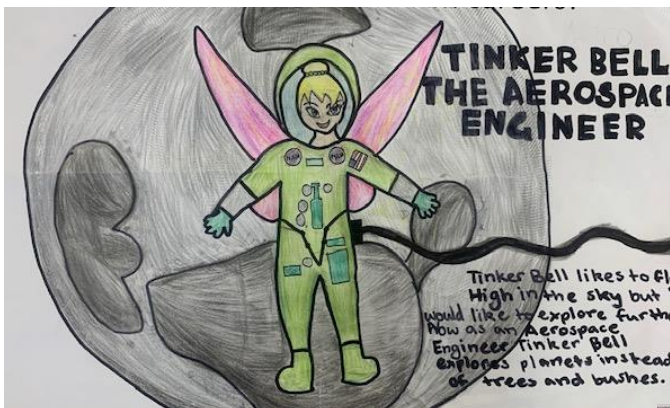

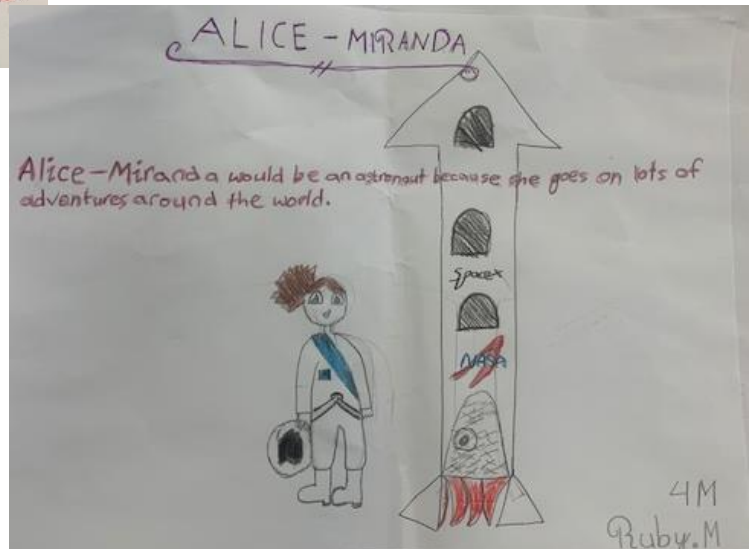

Maths Olympiad

Congratulations to our Maths Olympiad Team for completing their next round of the challenge last week. It was much easier to run the challenge whilst on site at school! Well done students!

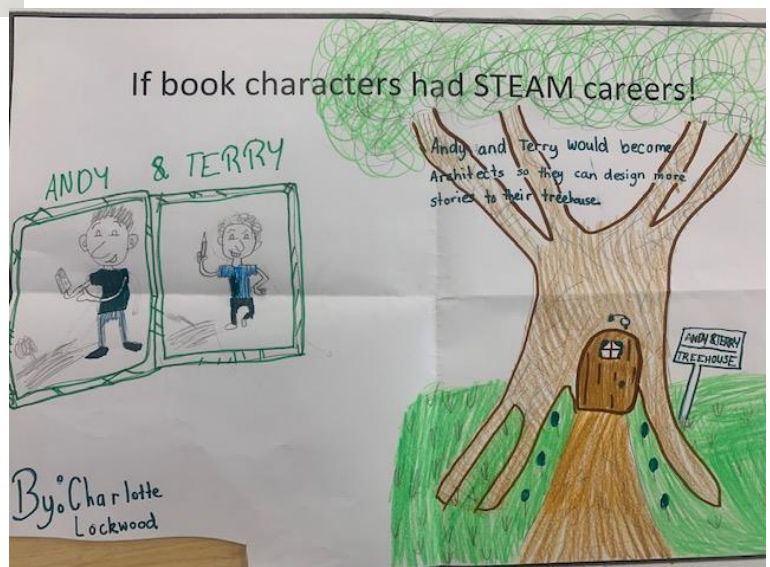

Hermione Granger the Chemist - she likes mixing and fixing potions. By **Danielle S**

'Alice Miranda would be an astronaut because she goes on lots of adventures around the world' by **Ruby M**

Tinker Bell The Aerospace Engineer 'Tinker Bell likes to fly high in the sky but would like to explore further. Now as an Aerospace Engineer Tinker Bell explores planets instead of trees and bushes'. **Imogen M**

'Andy and Terry would become architects so they can continue to design more storeys in their treehouse' **Charlotte L**

We are proud to announce that ScopeIT Education is coming to our school!

Here at Sacred Heart, we believe our students should be receiving an education on the fundamentals of the technology that is a huge part of their present and will undoubtedly feature in their future, no matter what dream they follow!

That is why we are so pleased to inform you that we have enlisted the services of ScopeIT Education who will teach our students the technology skills that will provide them with a huge advantage as they continue their schooling and then enter the workforce in the future.

ScopeIT Education will deliver to our students a digital technologies program that takes their education one step further. We strongly believe our student's participation in this program will complement their education today and will arm them for their future work landscape.

In this ever-changing area, we have a responsibility to provide our students with an education that is current and progressive. ScopeIT Education remains on the cutting-edge in digital technologies developments, so our children will gain the best possible knowledge for their future.

Hands-on learning Courses feature interactive games that will have the students learning about the 'engine' that drives computers in a way that relates to what they already know about technology and their devices.

Creators, not consumers Students are spending increasing amounts of time on electronic devices, but they are missing the underlying principles of how they work. Through learning computational thinking, problem solving and design, we show them how to be creators of technology!

Scope IT' is coming to Sacred Heart in Term 3!

P & F

Due to COVID-19 all P&F gatherings are postponed for this term, but we are hoping to bring everyone together for some events in term 3

– more details to follow later.

The Term 2 P&F General Meeting will be held on Wednesday 24 June at 7pm. All parents and friends of Sacred Heart Pymble are welcome to attend and input into plans for the rest of the year. In accordance with the current and expected social distancing guidelines, this will be a virtual meeting.
